

### ***ISO 27001 and ISO 27018 Certifications***

The International Organization for Standardization (ISO) is an independent nongovernmental organization that develops and publishes voluntary international standards.

Korn Ferry has been certified by the British Standards Institute (BSI) to ISO/IEC 27001 and ISO/IEC 27018 under certificate numbers IS 700177 and PII 707431, respectively, for key platforms and processes.

- ISO/IEC 27001 is the international standard that describes the specifications for establishing, implementing, maintaining and continually improving an information security management system.
- ISO/IEC 27018 is a code of practice for protection of personally identifiable information in public clouds. It establishes commonly accepted control objectives, controls and guidelines for implementing measures to protect personally identifiable information in accordance with privacy principles.

Korn Ferry's certifications evidence our commitment to best practice information security methods, compliance with globally recognized standards, and demonstrate the maturity of our global privacy and security programs. To validate our certificate, go to the British Standards Institute ([www.bsigroup.com](http://www.bsigroup.com)– Client Directory) and look it up by Korn Ferry or our certificate number.
